

# Hanneke van Deursen

With a background in architecture and policy research, I lead work that is shaping new policy and financing mechanisms for affordable housing. Fluent in affordable housing policy and finance, I am driven to design a more efficient and equitable system where local government plays an active role in housing development.

## EXPERIENCE

---

### City of Chattanooga, Director of Housing Finance, Chattanooga, TN

*Mar 2025 - Present*

Bloomberg Harvard City Hall Fellow

*Aug 2023 – Mar 2025*

Starting as an externally-funded Fellow with no formal authority, I built relationships across departments, invented unique policy solutions, and acted as a change-agent within City Hall. I became a key member of the City's first Affordable Housing Policy Team and led a portfolio of initiatives that repositioned Chattanooga as a national model for local housing innovation.

#### Key Initiatives:

- **Founded Invest Chattanooga** Conceived, structured, and launched a \$20 million public enterprise that uses flexible, low-cost capital and strategic public-private partnerships to produce financially sustainable, mixed-income housing with permanent affordability that the market alone cannot deliver.
  - Built energy and support for the approach with City Hall leaders, local philanthropic partners, the Housing Authority, and City Council. Championed it as an efficient, local solution that would create permanently affordable housing without relying on federal subsidies. Passed unanimously.

- Designed institutional architecture and governance, partnering with the Chattanooga Housing Authority to establish the organization as a wholly-owned subsidiary.
- Calibrated affordability targets (20% at 50% AMI; 10% at 80% AMI) through local market analysis.
- Recognized nationally as the third city to establish a public investment fund for housing.
- **Redesigned the Affordable Housing PILOT Program** Created the nation's first tax incentive directly tied to the cost of providing affordable units.
  - Developed a PILOT Calculator linking tax abatements to the depth of affordability, transforming a blunt instrument into a calibrated tool for inclusionary housing. Passed unanimously.
  - Guided the first project through council approval: a 278-unit, Class-A riverfront development with 42 affordable units. Chattanooga's first private mixed-income project with 60% AMI units.
- **Expanded Local Housing Tools**
  - Secured zoning code reforms to expand housing development options: a 40% reduction in minimum lot sizes for small multifamily and broader inclusion of missing-middle housing in residential zones.
  - Successfully lobbied the state housing finance agency to overhaul its QAP, making Chattanooga competitive for 9% LIHTC awards.
  - Partnered with the Housing Authority to activate Restore Rebuild (Faircloth-to-RAD), unlocking up to 1,800 new project-based vouchers.
  - Persuaded HUD grants team to update their HOME funds policies, closing on 82 affordable units.
  - Updated local codes to enable single-stair multifamily housing and ease code requirements on triplexes and fourplexes, with buy-in secured from the Fire Department and Land Development Office.
- **Informed the Mayor's Budget Strategy**
  - Led the citywide property tax impact analysis following a reassessment, presenting tradeoffs between resident tax burdens and city revenue following a period of record and uneven growth in property values.
  - Developed educational materials for City Council and the public.
  - Secured \$8M in new affordable housing funding through data-driven budget recommendations.

**Invest Chattanooga**, General Project Manager, Chattanooga, TN

*Jan 2025 - Present*

- Led the CEO search, recruiting a visionary and capable leader to guide the organization.
- Co-developed the inaugural strategic plan with the CEO, defining mission and vision, investment structure, financial and organizational goals, governance and control requirements, and public benefit metrics.
- Drafted the Request for Information to solicit developer proposals for investment.

**Harvard Joint Center for Housing Studies**, Graduate Research Assistant, Cambridge, MA

*Jun 2022 – Aug 2023*

- Led an independent research project with over twenty interviews, resulting in a two-part study published by the Joint Center, "The People's Housing: *Woningcorporaties* and the Dutch Social Housing System."
- The first part is historical, tracing the system through 150 years of evolution; the second part is practical, outlining the institutional structure, governance, and financing mechanisms of the contemporary model.
- Made the Dutch system accessible to an international audience seeking innovative affordable housing models.

**Slash Objects**, Production Assistant, Brooklyn, NY

*Apr 2021 – Jul 2021*

- Produced a range of design products, managed fulfillment, collaborated on new product design, art direction.

**Studio Ames**, Designer, New York, NY

*Mar 2021 – Apr 2021*

- Installed "Linne Occulte: Drawing Architecture" exhibition, Citygroup Gallery. Designed model and brochure.

**SPORTS Collaborative**, Design Intern, Syracuse, NY

*Sep 2019 – Dec 2019*

- Created models, drawings, and design iterations for winning architecture competition entries. Attached 160 felt strips to gantry cranes for the “Ceiling Unlimited” installation at the Architecture League Beaux Arts Ball 2019.

**Architecture Office**, Architectural Intern, Syracuse, NY

*Jan 2017 – May 2019*

- Created architectural models and drawings for various design and research projects, including the *Swissness Applied* exhibition and book project on the transformation of European immigrant towns in the United States.

**Powerhouse Company**, Technical Consultant, Rotterdam, Netherlands  
Architectural Intern

*Sep 2018 – Dec 2018*

*May 2018 – Aug 2018*

- Worked on the design development for a luxury hunting lodge in the Austrian Alps; iterated on design, managed project timeline, produced presentation books, and coordinated communication between teams.
- Founding member of Architecture/Finance research team, which later developed into a studio at Independent School for the City.
